LETTINO

C. Dondoli & M. Pocci

Concept

Claudio Dondoli and Marco Pocci both studied at the Faculty of Architecture, Florence. In 1983, they opened their own design studio on the outskirts of Siena.

Very taken with the idea of a kind of design which is accessible to as many people as possible, they feel that the simple materials such as

steel or PVC may be enhanced, exalted even, by an inspired design and an optimised manufacturing process.

Lettino, the first sun lounger ever designed for Ligne Roset, more than meets this challenge.

Aesthetics

Long convinced that 'there is no beauty without functionality'. In the case of Lettino, Dondoli & Pocci express this in an association of the elegant minimalism of the steel and white lacquered aluminium structure and the comfort of a fine outdoor-quality fabric (choice of blanc or grège).

Made from polyvinyl, this flexible fabric is both durable (being heat-welded) and easy to maintain (since it can be washed in soapy water).

The multi-position adjustable back enables the user to personalise the

comfort on offer, from 'siesta' to 'reading' position, using the 5-position rack & pinion system.

The two large, attractive wheels at the head end make Lettino easy to move whilst bringing a touch of roundness and softness to its minimal design.

Functional to the very end, the Lettino sun lounger is also stackable.

Quality of manufacture & comfort

Construction – White lacquered cathaphoresis-treated steel and aluminium profiles.

Two large wheels Ø 18 at the head end to facilitate movement. Wheels in nylon/polythene and ABS.

This model is stackable.

Comfort – Natural suspension thanks to the flexibility of the 560 g/m² fabric, made from 75 % polyvinyl / 25 % polyester.

Dimensions of frame 70 x 196 cm.

Adjustable back with 5-position rack & pinion system.

Making-up – Durable, heat-welded, washable fabric.

Covering materials – White lacquered structure teamed with fabric covering – choice of blanc or grège.

Range

Sun lounger – Width 74 Depth 203 Height with back raised 103 Seat height 33
