LONG ISLAND

Soda Designers : Nada Nasrallah & Christian Horner

The designers

Soda Designers : Nada Nasrallah and Christian Horner met during their industrial design studies at the University of Applied Arts, Vienna and at ENSCI/Les Ateliers, Paris.

Although they have different specialities, for example woodworking and goldsmithery, it is their common interest in stimulating design projects which led them to work together.

They have worked for Sottsass Associati in Milan, as well as Paolo

Rizzato, Philips Design in both Vienna and Singapore, and Sagem. Now based in Vienna, Soda Designers work on a range of projects in the fields of furniture, consumer electronics and interior architecture.

Amongst their recent clients are : Bene Office Furniture, Wittmann, Fontana Arte, MDFItalia, Rapsel and Ligne Roset.

They have both lectured at the NDC/Kingston University, Austria.

The concept

At the very heart of Cinna's expertise in the upholstery of chairs, Long Island brings together exemplary comfort, remarkable elegance and a wide choice of covering materials and colours.

In 2016, the Long Island collection is being expanded to include an

armchair and footstool. Remaining faithful to the original lines and comfort of the chair, the Long Island armchair invites one to sit back and dream.

Construction & comfort

Armchair : mechanically-soldered structure of back clad in injected polyurethane foam and 110g/m² polyester quilting. Integral comfort layer in high resilience polyurethane foam (38kg/m³ - 3.6kPa).

Mechanically-soldered structure of seat with suspension via elastic webbing and high resilience polyurethane foam (38kg/m³ - 3.6 kPa) clad

in 110g/m² polyester.

Footstool : panels of 3-layer particleboard; high resilience polyurethane foam (38kg/m³ - 3.6kPa) clad in 110g/m² polyester quilting.

Wooden base in natural or anthracite-stained beech.

Making-up

Cover quilted with 110 g/m² polyester. Piped detailing on cover.

Cover may be removed by an upholsterer.
