## NOOMI

Tous les Trois

### Concept & aesthetics

Lyon-based design studio Tous les Trois has created a range of products for Ligne Roset including the Ezou indoor/outdoor occasional table and a range of items of tableware : Evlan (best-selling pot stand), Epof (place mats), Eplaff (fruit bowl) and Carra (table centrepiece composed of two pieces of marble, one black and one white).

Continuing the theme of tables, their next offering, the Noomi folding table, demonstrates their declared 'penchant for pertinence and sensuality.'

Usable both indoors (in the corner of a kitchen, occasional pedestal table) or outdoors (on a terrace or in the garden), the Noomi table combines a minimalist lacquered steel base with a round top made from Fenix HPL laminate.

This table is characteristic of the tables found in pavement cafés, yet in a modernised, pared-down form. Its folding top brings added compactness, enabling it to be stored more easily when not in use, or protected from bad weather when used outside.

### Quality of manufacture

Base in black or white lacquered (outdoor-quality, double layer) laser-cut steel with textured finish.

Circular top in 10 mm thick black or white Fenix HPL laminate folds for ease of storage. Robust mechanism in outdoor-quality charged polymer.

### Range

Dining table with folding top – Ø 68 Height 74
